

## Rental Dwelling License

- Attached you will find an application for licensing rental property in the City of Newport. If you have any questions about the form or the process, you should contact the License Division at 859.292.3660 or via email.

Robert J Bramel, License & ABC Administrator / Finance & Administration

[LicenseQuestions@newportky.gov](mailto:LicenseQuestions@newportky.gov)

- The Planning & Zoning Office will review the application for the number of units allowed by City ordinance. If you have any questions about this section of the application, you should contact the Planning & Zoning Office at 859.292.3637 or via email.

Greg Tulley, Zoning Administrator / Development Services

[gtulley@newportky.gov](mailto:gtulley@newportky.gov)

- A representative from the Code Enforcement Division will be contacting you about a rental license inspection of the property. If the property has been inspected recently and meets the requirements of the 2003 IPMC (Int'l Property Maintenance Code), this inspection may not be needed. If you have any questions or concerns about this inspection, you should contact the Code Enforcement Division at 859.292.3637 or via email.

Brian Steffen, Director / Code Enforcement Division

[bsteffen@newportky.gov](mailto:bsteffen@newportky.gov)

- If the building you are licensing has 3 units or more, a representative of the Newport Fire Department will be inspecting the property for code compliance in regards to the NFPA (National Fire Protection Assoc.) in addition to the Code Enforcement Division. If you have any questions or concerns about the fire department portion of the inspection, you should contact the Office of Fire Prevention at 859.292.3612 or via email.

Randy Childress, Captain / Fire Prevention Office

## **Items of interest to be aware of prior to the your inspection date:**

- Check operation of *smoke detectors* whether they are electric with battery backup or battery only. Detectors should be located in the basement, common areas, hallways and stairwells (one per level), in each bedroom/ sleeping room and in the vicinity outside of the bedroom/ sleeping room.
- There should be at least a *3 ft. clearance* around furnaces, hot water tanks, electric panels and gas/electric meter(s).
- Check overall *sanitary and general condition* of the *interior* in the unit(s). Walls, ceilings, doors and trim should be clean or repainted. All doors need to have properly working hardware (i.e. hinges and knobs in addition to door closures if required by code). The floor coverings should be in good shape, free of tears and clean. In particular, carpets should be cleaned or replaced if in poor shape (i.e. worn or heavily soiled).
- All bedrooms should have windows in good working order for *emergency escape* in case of fire. One window is required for each bedroom/ sleeping room. In order for a room to be used as a bedroom a minimum of 70 sq./ft. is required for one occupant and plus 50 sq./ft. for each additional person there after.
- Every unit(s) needs to have its own *cooking facilities*. It is not a requirement that the owner(s) furnish appliances but if they are supplied the owner(s) is responsible for their operation.
- All unit(s) are required to have adequate *toilet and bathing facilities*. All bathing rooms need to have a operable window or exhaust fan.
- Make sure all *heating appliances* including air-conditioning units are maintained, serviced and functioning properly. The owner(s) if so desired can perform general cleaning of the furnace(s). Note: *portable heating units* are not considered a permanent source of heat.
- If there is a *washer and dryer* being used at the unit(s), the appliances should be hook up properly especially pertaining to water and electric. All dryer exhaust needs to terminate to the exterior of the building.
- *All electrical* outlets, lighting fixtures, switches and cover plates need to be in good working order. All outlets and switches cannot be painted over. They should be cleaned if possible or replaced.
- Owner(s) of rental property are *not permitted* to do any electrical, plumbing or heating and air/conditioning work. All work has to be performed by contractor(s) holding a Kentucky Masters License. All permits and occupational licenses need to be obtained from the City of Newport prior to starting any work.
- The *exterior of the property* needs to be in good order. This includes the landscaping (if any), grass, trees, shrubs, overall cleanliness, garbage cans with tight fitting lids, parking areas, outside pet areas, fencing, house numbers (4" high with .5 min. stroke) and overall conditions of the body of building.
- *By City of Newport Ordinance(s)*, there are only 3 dogs allowed at anyone residence. Only one of these *canines* can be a Pitbull or mix of that breed. Pitbulls are required to be muzzled and have a maximum 6ft. lead while on the public street or in the private yard. Pitbulls have to be kept in a 5-sided lockecage

installed on a concrete pad. All Pitbulls are required to be *microchipped* and be insured under a *\$100,000 liability policy*.
